REPORT OF INDEPENDENT AUDITORS

To the Board of Commissioners of the
Northeast Oregon Housing Authority:

Opinions

We have audited the accompanying financial statements of the business-type activities (primary government) and the discretely presented component unit of the Northeast Oregon Housing Authority (the "Authority") as of and for the year ended March 31, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, as listed in the accompanying table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net position of the primary government and the discretely presented component unit of the Authority, as of March 31, 2022, and the changes in their net position and their cash flows, where applicable, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis of Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of Blue Springs Crossing Affordable, LLC, the discretely presented component unit, were not audited in accordance with *Government Auditing Standards*. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required pension and other post employment benefits information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's basic financial statements. The schedule of expenditures of federal awards is presented for the purpose of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and is not a required part of the basic financial statements. The accompanying financial data schedule is also not a required part of the financial statements and is presented for the purposes of additional analysis as required by the U.S. Department of Housing and Urban Development.

The schedule of expenditures of federal awards and financial data schedule are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and financial data schedule are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 28, 2022 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

Other Reporting Required by *Oregon State Regulations*

In accordance with the *Oregon State Regulations*, we have also issued our report dated December 28, 2022, on our consideration of the Authority's compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations, noncompliance with which could have a direct and material effect on the determination of financial statement amounts.

MANAGEMENT'S DISCUSSION AND ANALYSIS

NORTHEAST OREGON HOUSING AUTHORITY MANAGEMENT'S DISCUSSION AND ANALYSIS

The Northeast Oregon Housing Authority (“NEOHA”) is dedicated to enhancing the quality of life in Baker, Union, Wallowa, and Grant Counties by providing and effectively managing low cost housing, which is diverse, well maintained, and aesthetically pleasing for those who circumstances prevent them from competing in the general marketplace. NEOHA seeks to achieve the highest and best use of that housing for people of low and moderate income through promotion of economic development, homeownership, and self-sufficiency opportunities.

Our discussion and analysis of NEOHA primary government’s financial performance provides an overview of the Authority's financial activities for the fiscal year ended March 31, 2022. Please read it in conjunction with the Authority's financial statements.

FINANCIAL HIGHLIGHTS

- The Authority’s total net position was \$8,330,137 as of March 31, 2022. This represents an increase of \$538,747 over the prior year.
- Total liabilities were \$4,662,585. This compares to \$5,578,964 last year.
- Total operating revenues for the year ended March 31, 2022 aggregated \$8,715,384, an increase of \$535,306 compared to the prior year. The increase is attributed primarily to the Authority being awarded the Emergency Rental Assistance through the United States Department of Treasury.
- Operating revenues exceeded operating expenses by \$650,438 in the current year as compared to operating expenses exceeding operating revenues by \$98,793 last year. This is attributed to additional grant funding received in the current year.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements, which are listed in the Table of Contents. The basic financial statements reflect the financial position, results of operations and cash flows of NEOHA, as of and for the year ended March 31, 2022. The supplemental information reflects the combining financial statements of the Authority's primary government. The combining financial data schedules are also filed with HUD's Real Estate Assessment Center (REAC).

Reporting the Authority as a Whole

One of the most important questions about the Authority's financial status is, "Is the Authority as a whole better or worse off as a result of the year's activities?" The Statement of Net Position, the Statement of Revenues, Expenses and Changes in Net Position and the Statement of Cash Flows, report information about NEOHA as a whole in a way that helps answer this question.

**NORTHEAST OREGON HOUSING AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS**

The Statement of Net Position presents NEOHA's financial position as of March 31, 2022. It is as if someone took a snapshot of the Authority's accounts on that specific date and said "this is how it looks - right now." Assets are defined as what the Authority owns and deferred outflows of resources are a consumption of net position by the government that is applicable to a future reporting period. Liabilities are what it owes, and deferred inflows of resources are an acquisition of net position by the government that is applicable to a future reporting period. Therefore, net position is simply assets and deferred outflows of resources less liabilities and deferred inflows of resources. While the Statement of Net Position presents the financial position as of a specific date, the Statement of Revenues, Expenses and Changes in Net Position, measures the Authority's results and change in net position for a period of time; in this case the year ended March 31, 2022. The Statement of Cash Flows is an analysis of the increase or decrease in the Authority's cash balances during the year.

Reporting the Authority's Most Significant Funds

Our analysis of NEOHA's primary government funds begins on page 15. A fund is a self-balancing set of accounts, which are segregated for the purpose of carrying on specific activities. Generally accepted accounting principles (GAAP) require state and local governments to use the enterprise fund type to account for business-type activities. All of the Authority's transactions are recorded in enterprise funds. Enterprise funds use the accrual basis of accounting; revenue is recorded when earned and expenses are recorded when incurred, regardless of when the cash is received or disbursed.

The Authority administers the following programs and the operating revenues generated from these programs during the fiscal year ended March 31, 2022 were as follows:

Housing Choice Vouchers Program	5,338,828
Housing Choice Vouchers – CARES	153,639
Mainstream Vouchers Program	86,360
Emergency Housing Vouchers Program	114,338
Family Self-Sufficiency Program	87,520
Multifamily Assisted Housing Reform and Affordability Act	300,889
USDA Rural Development	174,856
State and Local Programs	2,133,918
Emergency Rental Assistance Program	471,629
Elimination	(146,593)
Total Operating Revenues	<u>\$ 8,715,384</u>

FINANCIAL ANALYSIS

The details of each fund are set forth in the combining information beginning on page 15. The following analysis pertains to the Authority's primary government as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS**

Changes in Net Position

- Total operating revenues increased by \$535,306 over last year. The difference from last year's revenue results primarily from an increase in HUD operating grants and an increase in Other Governmental Grants.
- Total operating expenses decreased by \$16,339 over last year. This decrease is primarily due to the decreases in administrative expenses and maintenance expenses being offset by an increase in housing assistance payments.

MANAGEMENT'S DISCUSSION AND ANALYSIS**

HUD's Real Estate Assessment Center (REAC)

REAC evaluates all public Housing Authorities (“PHA”) on an annual basis. Using the Public Housing Assessment System (“PHAS”), PHA's are rated for the physical status of their properties, financial condition, management proficiency, and Capital Fund utilization. Financial condition is assessed for the authority as a whole. All other indicators are applied only to the Public Housing program. An aggregate score of 90 or above designates the PHA as a "High Performer." NEOHA has received a “High Performer” designation eight out of the twelve years that PHAS has been in place. PHAS scoring for March 31, 2011 was placed under a new scoring process. NEOHA scored 86 on the March 31, 2013 assessment and was indicated as a “Standard Performer”. NEOHA scored 96 on the March 31, 2014 assessment and was indicated a “High Performer”. In FYE 2015, NEOHA was assessed as “Standard Performer”. In 2016, NEOHA was indicated as a “Standard Performer” and received a Small PHA Designation. Since implementation of the conversion of Public Housing to Housing Choice Vouchers, this evaluation is no longer required.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

This year's decrease of \$547,028 resulted from capital assets purchases of \$35,040 offset by depreciation expense of \$582,068.

MANAGEMENT'S DISCUSSION AND ANALYSIS**

BUDGETS, SIGNIFICANT CHANGES AND ECONOMIC FACTORS

The NEOHA Board of Commissioners approved the Authority’s budget for the year ended March 31, 2022 on April 20, 2021. The nine member Board consists of two Commissioners from each of the four counties (Baker, Union, Wallowa and Grant) with the ninth member being a Resident. There are presently two vacancies.

NEOHA's actual operating expenditures for the year ended March 31, 2022 aggregated \$8,064,946, which is \$46,317 more than the original budget. This is primarily due to the increases in tenant services and housing assistance payments offset by decreases in administrative and maintenance.

VARIATIONS BETWEEN BUDGET AND ACTUAL AMOUNTS

	<u>Budget</u>	<u>Actual</u>	<u>Actual Over (Under)</u>	<u>Percent Variance</u>
Administrative	1,372,912	1,179,902	(193,010)	-16.36%

Depreciation	585,000	582,068	(2,932)	-0.50%
 Total Expenditures	 <u>\$ 8,018,629</u>	 <u>\$ 8,064,946</u>	 <u>\$ 46,317</u>	 0.57%

Federal and State funding accounts for approximately 74.6% of NEOHA's operating revenues. HUD alone comprises 65.9%. NEOHA is very concerned about proposed major cuts to the Section 8 Housing Choice Vouchers Program funding.

NORTHEAST OREGON HOUSING AUTHORITY
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Organization

The Northeast Oregon Housing Authority (the "Authority") is a governmental, public organization created under federal and state housing laws for the purpose of engaging in the development, acquisition and administrative activities of the low-income housing program and other programs with similar objectives for low and moderate income families residing in the Counties of Union, Baker, Grant, and Wallowa (the "Counties"). The Authority is responsible for operating certain low-rent housing programs in the Counties under programs administered by the U.S. Department of Housing and Urban Development ("HUD"). These programs provide housing for eligible families under the United States Housing Act of 1937, as amended.

The Authority is governed by a board of commissioners which is essentially autonomous, but is responsible to HUD. An executive director is appointed by the Authority's board of commissioners to manage the day-to-day operations of the Authority.

B. Basis of Accounting / Financial Statement Presentation

The Authority's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

The programs of the Authority are organized as separate accounting entities. Each program is accounted for by a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position (program equity), revenues, and expenses. The individual programs account for the governmental resources allocated to them for the purpose of carrying on specific programs in accordance with laws, regulations, or other restrictions, including those imposed by HUD. The programs of the Authority are combined and considered an enterprise fund. An enterprise fund is used to account for activities that are operated in a manner similar to those found in the private sector.

The Authority's enterprise fund is accounted for using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, and losses from assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

The Authority's financial statements are prepared in accordance with GASB 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, as amended ("GASB 34"). GASB 34 requires the basic financial statements to be prepared using the economic resources measurement focus and the accrual basis of accounting and requires the presentation of a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Net Position and Statement of Cash Flows. GASB 34 also requires the Authority to include Management's Discussion and Analysis as part of the Required Supplementary Information.

The Authority's primary source of non-exchange revenue relates to grants and subsidies. In accordance with GASB 33, *Accounting and Financial Reporting for Non-exchange Transactions* ("GASB 33"), grant and subsidy revenue are recognized at the time eligible program expenditures occur and/or the Authority has complied with the grant and subsidy requirements.

On January 30, 2008, HUD issued PIH Notice 2008-9 which requires that unused housing assistance payments ("HAP") under proprietary fund reporting should be reported as restricted net position, with the associated cash and investments also being reported as restricted. Any unused administrative fees should be reported as unrestricted net position, with the associated assets being reported on the financial data schedule as unrestricted.

**NORTHEAST OREGON HOUSING AUTHORITY
NOTES TO FINANCIAL STATEMENTS (continued)
MARCH 31, 2022**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Basis of Accounting / Financial Statement Presentation (continued)

Both administrative fee and HAP revenue continue to be recognized under the guidelines set forth in GASB 33. Accordingly, both the time and purpose restrictions as defined by GASB 33 are met when these funds are available and measurable, not when these funds are expended. The Section 8 Housing Choice Vouchers program is no longer a cost reimbursement grant; therefore, the Authority recognizes unspent administrative fee and HAP revenue in the reporting period as revenue for financial statement reporting.

In accordance with 2 CFR 200.305(b)(9), any investment income earned up to \$500 on these funds may be retained by the Authority. Amounts in excess of \$500 must be remitted annually to the Department of Health and Human Services, Payment Management System.

C. Reporting Entity

In accordance with GASB 61, *The Financial Reporting Entity Omnibus - An Amendment of GASB Statement No. 14 and No. 34*, the Authority's basic financial statements include those of the Authority and any component units. Component units are legally separate organizations whose majority of officials are appointed by the primary government or the organization is fiscally dependent on the primary government and there is a potential for those organizations either to provide specific financial benefits to, or impose specific financial burdens on, the primary government. An organization has a financial benefit or burden relationship with the primary government if any one of the following conditions exist:

1. The primary government (Authority) is legally entitled to or can otherwise access the organization's resources.
2. The primary government is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization.
3. The primary government is obligated in some manner for the debt of the organization.

Based upon the application of these criteria, this report includes the following discretely presented component unit:

Blue Springs Crossing Affordable, LLC

Blue Springs Crossing Affordable, LLC (the "Company") is a limited liability company between the Authority, CREA Blue Springs Crossing, LLC, and CREA SLP, LLC. The Company was formed on September 8, 2014 for the purpose of developing and operating a thirty eight (38) unit project located in Island City, Oregon know as Blue Springs Apartments.

The Authority's discretely presented component unit is included under the "Discretely Presented Component Unit" column on the Statement of Net Position and Statement of Revenues, Expenses and Changes in Net Position.

Separately issued financial statements of the discretely presented component unit, which reported on a December 31, 2021 fiscal year end, can be obtained by contacting the Director of Finance at (541) 963-5360 or by writing: Northeast Oregon Housing Authority, P.O. Box 3357, 2608 May Lane, LeGrande, OR 97850.

Additionally, based on the application of the above criteria, the Authority's financial statements are not included in any other reporting entity's financial statements.

NOTES TO FINANCIAL STATEMENTS (continued)
MARCH 31, 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Description of Programs

The Authority maintains its accounting records by program. A summary of the significant programs operated by the Authority is as follows:

Section 8 Housing Choice Vouchers Program

The Authority administers a program of rental assistance payments to private owners on behalf of eligible low-income families under Section 8 of the Housing and Urban Development Act of 1974. The program provides payments covering the difference between the maximum rental on a dwelling unit, as approved by HUD, and the amount of rent contribution by a participating family.

Mainstream Vouchers Program

The Mainstream Vouchers program is to aid persons with disabilities in obtaining decent, safe, and sanitary rental housing.

Rural Rental Housing Loans

The Rural Rental Housing Loan program is designed to provide economically designed and constructed rental and cooperative housing and related facilities suited for rural residents.

Multifamily Assisted Housing Reform and Affordability Act

The purpose of the Multifamily Assisted Housing Reform and Affordability Act is designed to preserve low-income rental housing affordability while reducing the long-term costs of federal rental assistance, including project based assistance from HUD, for certain multifamily projects.

State and Local Programs

Periodically, the Authority administers various grants from the State of Oregon. These activities as well as the Authority's former public housing units which were converted under a simplified voucher conversion are contained in this non-federal fund.

Family Self-Sufficiency Program

The purpose of the Family Self-Sufficiency program is to promote the development of local strategies to coordinate the use of assistance under the Section 8 Housing Choice Voucher program with public and private resources to enable participating families to increase earned income and financial literacy, reduce or eliminate the need for welfare assistance, and make progress toward economic independence and self-sufficiency.

CARES Act Funding Programs

During the year ended March 31, 2022, the Authority was awarded CARES Act funding as part of the Section 8 Housing Choice Vouchers Program and Mainstream Vouchers Program. These funds are to be used to prevent, prepare for, and respond to the Coronavirus ("COVID-19"), as well as help the Authority maintain normal operations during the period impacted by COVID-19.

Emergency Housing Vouchers Program ("EHV")

EHV funds are to be used to assist individuals and families who are homeless, at-risk of homelessness, fleeing, or attempting to flee, domestic violence, dating violence, sexual assault, stalking, or human trafficking, or were recently homeless or have a high risk of housing instability.

Emergency Rental Assistance Program ("ERA")

ERA funds are to be used to assist eligible households that have difficulty making timely payments of rent and utilities due to the COVID-19 pandemic.

NORTHEAST OREGON HOUSING AUTHORITY
NOTES TO FINANCIAL STATEMENTS (continued)
MARCH 31, 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Use of Management Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates include the allowance for doubtful accounts, accrued expenses, pension liability, OPEB asset, depreciable lives of properties and equipment, deferred inflows and outflows of resources, and contingencies. Actual results could differ significantly from these estimates.

F. Cash and Cash Equivalents

HUD requires housing authorities to invest excess funds in obligations of the United States, Certificates of Deposit or any other federally insured investment.

HUD also requires that deposits be fully collateralized at all times. Acceptable collateralization includes FDIC insurance and the market value of securities purchased and pledged to the political subdivision. Pursuant to HUD restrictions, obligations of the United States are allowed as security for deposits. Obligations furnished as security must be held by the Authority or with an unaffiliated bank or trust company for the account of the Authority.

For the statement of cash flows, cash and cash equivalents include all cash balances and highly liquid investments with a maturity of three months or less at time of purchase. It is the Authority's policy to maintain collateralization in accordance with HUD requirements.

G. Accounts Receivable, Net

Rents are due from tenants on the first day of each month. As a result, tenants accounts receivable balances primarily consist of rents past due and vacated tenants. An allowance for doubtful accounts is established to provide for all accounts, which may not be collected in the future for any reason. Collection losses on accounts receivable are charged against the allowance for doubtful accounts. Also included in accounts receivable are those amounts that tenants owe the Authority as payment for committing fraud or misrepresentation.

The Authority recognizes a receivable from HUD and other governmental agencies for amounts earned and billed but not received and for amounts unbilled, but earned as of year end.

H. Allowance for Doubtful Accounts

The Authority periodically reviews all accounts and notes receivable to determine the amount, if any, that may be uncollectable. If it is determined that an account or accounts may be uncollectable, the Authority prepares an analysis of such accounts and records an appropriate allowance against such amounts.

I. Prepaid Expenses

Prepaid expenses represent amounts paid as of year-end that will benefit future operations.

NORTHEAST OREGON HOUSING AUTHORITY
NOTES TO FINANCIAL STATEMENTS (continued)
MARCH 31, 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

J. Notes Receivable

The Authority has utilized development funds in accordance with HUD guidelines to assist in the construction and rehabilitation of developments through the issuance of mortgage loans. When preparing financial statements in accordance with generally accepted accounting principles, management is required to make estimates as to the collectability of such mortgage notes. When estimating collectability, management analyzes the value of the underlying mortgaged property; the property's ability to generate positive cash flow, and current economic trends and conditions. Management utilizes these estimates and judgments in connection with establishing an allowance for uncollectable amounts during an accounting period.

K. Capital Assets, Net

Capital assets are stated at cost. Expenditures for repairs and maintenance are charged directly to expense as they are incurred. Expenditures determined to represent additions or betterments are capitalized. Upon the sale or retirement of capital assets, the cost and related accumulated depreciation are eliminated from the accounts and any related gain or loss is reflected in the Statement of Revenues, Expenses and Changes in Net Position. Depreciation is calculated using the straight-line method based on the estimated useful lives of the following asset groups:

- Buildings 30 Years
- Site Improvements 15 Years
- Furniture, Fixtures and Equipment 5-10 Years

The Authority has established a capitalization threshold of \$5,000.

L. Impairment of Long Lived Assets

The Authority evaluates events or changes in circumstances affecting long-lived assets to determine whether an impairment of its assets has occurred. If the Authority determines that a capital asset is impaired, and that the impairment is significant and other-than-temporary, then an impairment loss will be recorded in the Authority's financial statements. During the year ended March 31, 2022, there were no impairment losses incurred.

M. Accounts Payable and Accrued Liabilities

The Authority recognizes a liability for goods and services received but not paid for as of year-end. It also recognizes a liability for wages and fringe benefits related to services performed at year-end but not yet paid to employees or taxing authorities.

N. Prepaid Rent

The Authority's prepaid rent primarily consists of the prepayment of rent by residents applicable to future periods.

O. Compensated Absences

Compensated absences are those absences for which employees will be paid in accordance with the Authority's Personnel Policy. A liability for compensated absences that is attributable to services already rendered and that are not contingent on a specific event that is outside the control of the Authority and its employees, is accrued as employees earn the rights to the benefits.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

O. Compensated Absences (continued)

Compensated absences that relate to future services or that are contingent on a specific event that is outside the control of the Authority and its employees are accounted for in the period in which such services are rendered or in which such event takes place.

P. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Oregon Public Employees Retirement System ("OPERS") and additions to/deductions from OPERS's fiduciary net position have been determined on the same basis as they are reported by OPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Q. Other Post Employment Benefits

For purposes of measuring the net Other Post Employment Benefits ("OPEB") asset, deferred outflows of resources and deferred inflows of resources related to the net OPEB, and OPEB expense, and information about the fiduciary net position of the Retirement Health Insurance Account ("RHIA") and additions to/deductions from RHIA's fiduciary net position have been determined on the same basis as they are reported by RHIA. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms.

R. Deferred Outflows of Resources and Deferred Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources until that time.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources until that time.

S. Equity Classifications

Equity is classified as net position and displayed in three components:

Net investment in capital assets — Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction or improvement of those assets.

Restricted net position — Consists of resources with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted net position — All other resources that do not meet the definition of "restricted" or "net investment in capital assets."

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

T. Operating Revenues and Expenses

The Authority defines its operating revenues as income derived from charges to residents and others for services provided as well as government subsidies and grants used for operating purposes. The Authority receives annual operating subsidies from HUD, subject to limitations prescribed by HUD. Operating subsidies from HUD are recorded in accordance with GASB 33 and are accounted for as revenue. Other contributions from HUD that are for development and modernization of capital assets are reflected separately in the accompanying financial statements as capital grants. Operating expenses are costs incurred in the operation of its program activities to provide services to residents and others. The Authority classifies all other revenues and expenses as non-operating.

U. Taxes

The Authority is a unit of local government under the State of Oregon law and is exempt from real estate, sales and income taxes by both the federal and state governments. However, the Authority will pay a payment in lieu of taxes to cover municipal services provided by the local government for certain properties owned throughout the Counties.

V. Budgets and Budgetary Accounting

The Authority adopts annual, appropriated operating budgets for all its programs receiving federal expenditure awards, which are used as a management tool throughout the accounting cycle. All budgets are prepared on a HUD basis, which differs with GAAP. All appropriations lapse at HUD's program year end or at the end of grant periods.

W. Economic Dependency

The Section 8 Housing Choice Vouchers program of the Authority is economically dependent on subsidies from HUD. The program operates at a loss prior to receiving the grants.

X. Fair Value

The carrying amount of the Authority's financial instruments including cash and cash equivalents, accounts receivable, notes receivable and certain investments closely approximates their fair value.

Y. Risk Management

The Authority is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Significant losses are covered by commercial insurance for all major programs and there have been no significant reductions in insurance coverage. Claims expenditures and liabilities are reported when it is probable that a loss has occurred, the amount of the loss can be reasonably estimated, and said amount exceeds insurance coverage. Settlement amounts have not exceeded insurance coverage for the last three years.

Restricted	<u>918,831</u>	<u>201,545</u>	<u>1,120,376</u>
Total cash and cash equivalents	<u>\$ 3,514,824</u>	<u>\$ 287,101</u>	<u>\$ 3,801,925</u>

Of the bank balances, \$952,493 was covered by federal depository insurance and the remaining \$2,694,353 was collateralized with the pledging financial institutions as of March 31, 2022.

Custodial credit risk is the risk that, in the event of a bank failure, the government's deposits may not be returned to it. The Authority does not have a formal policy for custodial credit risk. As of March 31, 2022, the Authority's bank balances were not exposed to custodial credit risk.

NOTE 3. ACCOUNTS RECEIVABLE, NET

Accounts receivable, net consists of the following as of March 31, 2022:

<u>Description</u>	<u>Primary Government</u>	<u>Discretely Presented Component Unit</u>	<u>Total Reporting Entity (Memorandum Only)</u>
Accounts receivable - tenants, net	\$ 1,767	\$ 1,730	\$ 3,497

Total accounts receivable, net	<u>\$ 197,603</u>	<u>\$ 1,730</u>	<u>\$ 199,333</u>

Accounts Receivable - Tenants, Net

Tenant accounts receivable represents amounts owed to the Authority by tenants for outstanding rent. The balance is shown net of an allowance for doubtful accounts of \$(15,746).

Accounts Receivable - Miscellaneous

Accounts receivable - miscellaneous consists of amounts owed to the Authority by the discretely presented component unit. These balances owed represented monies owed for expense reimbursements and developer fees. Management estimates the amounts to be fully collectible and therefore no allowance for doubtful accounts has been established.

Total restricted deposits	<u>\$ 1,006,644</u>	<u>\$ 214,895</u>	<u>\$ 1,221,539</u>

Housing assistance payment reserves are restricted for use only in the Section 8 Housing Choice Vouchers, Mainstream Vouchers, EHV, and ERA programs for future housing assistance payments.

Family Self-Sufficiency ("FSS") program escrows are restricted for use in the Section 8 Housing Choice Vouchers program by FSS program participants.

Reserve for replacement escrows are required to be set aside for to fund major repairs, capital expenditures, and replacement of capital items in the projects.

Operating reserve escrows are set aside to be used to fund operating deficits and other needs of the projects.

CARES Act funds are restricted to be used on expenditures directly related to COVID-19. These funds are to be used to prevent, prepare for, and respond to COVID-19, as well as help the Authority maintain normal operations during the period impacted by COVID-19.

EHV fund reserves are restricted to support the Authority's efforts in implementing and operating an effective EHV Program that will best address the needs of eligible individuals and families in the Counties.

Tenant security deposits represent amounts held by the Authority on behalf of tenants. Upon termination from the Authority, the tenant is due amounts deposited plus interest earned less any amounts charged for damage to the unit.

NOTE 5. NOTE RECEIVABLE

In April 2014, the Authority received a grant from the Housing and Community Services Department of the State of Oregon in the amount of \$200,000. In September 2014, the Authority loaned the grant funds to the Company. The note receivable bears interest at a rate of 3.50% and matures in September 2044. As of March 31, 2022, the principal and accrued interest balance of the note totaled \$200,000 and \$43,575, respectively.

NOTE 10. PENSION PLAN

A. Plan Description

Employees of the Authority are provided with pensions through the OPERS, a cost-sharing multiple-employer defined benefit pension plan. The Oregon Legislature has delegated authority to the Public Employees Retirement Board to administer and manage OPERS. All benefits of OPERS are established by the legislature pursuant to ORS Chapters 238 and 238A. Tier One/Tier Two Retirement Benefit plan, established by ORS Chapter 238, is closed to new members hired on or after August 29, 2003. The Pension Program, established by ORS Chapter 238A, provides benefits to members hired on or after August 29, 2003. OPERS issues a publicly available Comprehensive Annual Financial Report and Actuarial Valuation that can be obtained at <http://www.oregon.gov/pers/Pages/Financials/Actuarial-Financial-Information.aspx>.

B. Benefits Provided

Tier One/Tier Two Retirement Benefit ORS Chapter 238

Pension Benefits

The OPERS retirement allowance is payable monthly for life. It may be selected from 13 retirement benefit options. These options include survivorship benefits and lump-sum refunds. The basic benefit is based on years of service and final average salary. A percentage (1.67% for general service employees) is multiplied by the number of years of service and the final average salary. Benefits may also be calculated under either a formula plus annuity (for members who were contributing before August 21, 1981) or a money match computation if a greater benefit results.

A member is considered vested and will be eligible at minimum retirement age for a service retirement allowance if he or she has had a contribution in each of five calendar years or has reached at least 50 years of age before ceasing employment with a participating employer. General service employees may retire after reaching age 55. Tier One general service employee benefits are reduced if retirement occurs prior to age 58 with fewer than 30 years of service. Tier Two members are eligible for full benefits at age 60. The ORS Chapter 238 Defined Benefit Pension Plan is closed to new members hired on or after August 29, 2003.

Death Benefits

Upon the death of a non-retired member, the beneficiary receives a lump-sum refund of the member's account balance (accumulated contributions and interest). In addition, the beneficiary will receive a lump sum payment from employer funds equal to the account balance, provided one or more of the following conditions are met:

- the member was employed by a OPERS employer at the time of death
- the member died within 120 days after termination of OPERS-covered employment
- the member died as a result of injury sustained while employed in a OPERS-covered job
- the member was on an official leave of absence from a OPERS-covered job at the time of death

Disability Benefits

A member with 10 or more years of creditable service who becomes disabled from other than duty-connected causes may receive a non-duty disability benefit. A disability resulting from a job-incurred injury or illness qualifies a member (including OPERS judge members) for disability benefits regardless of the length of OPERS-covered service.

NOTES TO FINANCIAL STATEMENTS (continued)
MARCH 31, 2022

NOTE 10. PENSION PLAN (continued)

B. Benefits Provided (continued)

Upon qualifying for either a non-duty or duty disability, service time is computed to age 58 when determining the monthly benefit.

Benefit Changes

Members may choose to continue participation in a variable equities investment account after retiring and may experience annual benefit fluctuations caused by changes in the fair value of the underlying global equity investments of that account. Under ORS 238.360, monthly benefits are adjusted annually through cost-of-living changes.

OPSRP Pension Program ("OPSRP DB")

Pension Benefits

The Oregon Public Service Retirement Plan ("OPSRP") is part of OPERS and administered by the OPERS Board. The OPERS Board is directed to adopt any rules necessary to administer OPSRP, and such rules are to be considered part of the plan for IRS purposes.

The Pension Program (ORS Chapter 238A) provides benefits to members hired on or after August 29, 2003. This portion of OPSRP provides a life pension funded by employer contributions. Benefits are calculated with the following formula for members who attain normal retirement age:

General service: 1.5% is multiplied by the number of years of service and the final average salary. Normal retirement age for general service members is age 65, or age 58 with 30 years of retirement credit.

A member of the OPSRP Pension Program becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, and, if the pension program is terminated, the date on which termination becomes effective.

Death Benefits

Upon the death of a non-retired member, the spouse or other person who is constitutionally required to be treated in the same manner as the spouse, receives for life 50% of the pension that would otherwise have been paid to the deceased member. The surviving spouse or other person may elect to delay payment of the death benefit, but payment must commence no later than December 31 of the calendar year in which the member would have reached 70 1/2 years.

Disability Benefits

A member who has accrued 10 or more years of retirement credits before the member becomes disabled or a member who becomes disabled due to job-related injury shall receive a disability benefit of 45% of the member's salary determined as of the last full month of employment before the disability occurred.

Benefit Changes After Retirement

Under ORS 238A.210, monthly benefits are adjusted annually through cost-of-living changes. The COLA is capped at 2.0%.

NOTE 10. PENSION PLAN (continued)

B. Benefits Provided (continued)

OPSRP Individual Account Program ("OPSRP IAP")

Beginning January 1, 2004, OPERS active Tier one and Tier Two members became members of the Individual Account Program ("IAP") of the OPSRP, which is a defined contribution plan. OPERS members retain their existing plan accounts, but member contributions are now deposited into the member's IAP account, not into the member's Defined Benefit Plan account. Accounts are credited with earnings and losses net of administrative expenses.

Pension Benefits

An IAP member becomes vested on the date the employee account is established or on the date the rollover account was established. If the employer makes optional employer contributions for a member, the member becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, the date the IAP is terminated, the date the active member becomes disabled, or the date the active member dies. Upon retirement, a member of the OPSRP IAP may receive the amounts in his or her employee account, rollover account, and vested employer account as a lump-sum payment or in equal installments over a 5, 10, 15, or 20 year period or an anticipated life span option. Each distribution option has a \$200 minimum distribution limit.

Death Benefits

Upon the death of a non-retired member, the beneficiary receives in a lump sum the member's account balance, rollover account balance, and vested employer optional contribution account balance. If a retired member dies before the installment payments are completed, the beneficiary may receive the remaining installment payments or choose a lump-sum payment.

Recordkeeping

OPERS contracts with VOYA Financial to maintain IAP participant records.

C. Contributions

OPERS funding policy provides for monthly employer contributions at actuarially determined rates. These contributions, expressed as a percentage of covered payroll, are intended to accumulate sufficient assets to pay benefits when due. This funding policy applies to the OPERS Defined Benefit Plan and the Other Postemployment Benefit Plans. Employer contribution rates during the period were based on the December 31, 2019 actuarial valuation. The rates based on a percentage of payroll, first became effective July 1, 2019. Employer contributions for the year ended March 31, 2022 were \$121,377, excluding amounts to fund employer specific liabilities. The rates in effect for the fiscal year ended December 31, 2021 were 20.34% for Tier One/Tier Two General Service Member, 9.85% for OPSRP Pension Program General Service Members, and 6% for OPSRP Individual Account Program.

NOTE 10. PENSION PLAN (continued)

D. Pension Liabilities, Pension Expense, Deferred Outflow of Resources and Deferred Inflow of Resources Related to Pensions

At March 31, 2022, the Authority reported a liability of \$1,034,743 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2019 rolled forward to June 30, 2021. The Authority's proportion of the net pension liability was based on a projection of the Authority's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2021, the Authority's proportion was 0.00864701%.

For the year ended March 31, 2022, the Authority recognized a pension benefit of \$23,197. Deferred inflows of resources and deferred outflows of resources are calculated at the Plan level and are allocated to employers based on their proportionate share. For the measurement period ended June 30, 2021, employers have reported the following deferred inflows of resources and/or deferred outflows of resources:

- A difference between expected and actual experience
- Changes in assumptions
- Changes in employer proportion since the prior measurement date
- Net difference between projected and actual investment earnings

Differences between expected and actual experience, changes in assumptions, and changes in employer proportion are amortized over the average remaining lives of all plan participants, including retirees, determined as of the beginning of the respective measurement period. Employers are required to recognize pension expense based on the balance of the closed period "layers" attributable to each measurement period. The average remaining service lives determined as of the beginning of each measurement period are described below:

- Fiscal year ended June 30, 2021 - 5.4 years
- Fiscal year ended June 30, 2020 - 5.3 years
- Fiscal year ended June 30, 2019 - 5.2 years
- Fiscal year ended June 30, 2018 - 5.2 years
- Fiscal year ended June 30, 2017 - 5.3 years
- Fiscal year ended June 30, 2016 - 5.3 years
- Fiscal year ended June 30, 2015 - 5.4 years
- Fiscal year ended June 30, 2014 - 5.6 years

The net difference between projected and actual investment earnings attributable to each measurement period is amortized over a closed five-year period.

In addition, employers may need to recognize a difference between their actual employer contributions and their proportionate share of contributions, which is not reflected in the Comprehensive Annual Financial Report and Actuarial Valuation. GASB 68 requires employers to amortize that difference over the remaining services lives of all plan participants, including retirees, determined as of the beginning of the respective measurement period. Employer contributions made after the measurement date are also excluded from the Comprehensive Annual Financial Report and Actuarial Valuation. Appropriate treatment of such amounts is the responsibility of the employer.

NOTE 10. PENSION PLAN (continued)

D. Pension Liabilities, Pension Expense, Deferred Outflow of Resources and Deferred Inflow of Resources Related to Pensions (continued)

At March 31, 2022, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Changes of Assumptions	\$ 259,027	\$ 2,723
Differences between projected and actual investment earnings	-	766,012
Differences between expected and actual experience	96,859	-
Changes in employer proportion	<u>93,055</u>	<u>1,896</u>
Total	<u>\$ 448,941</u>	<u>\$ 770,631</u>

The amount reported as deferred outflows of resources related to the Authority's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the OPERS financial statements as of June 30, 2021.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending March 31:	<u>Amount</u>
2023	\$ (80,423)
2024	(80,423)
2025	(80,423)
2026	<u>(80,421)</u>
	<u>\$ (321,690)</u>

E. Actuarial Assumptions

The employer contribution rates effective July 1, 2020 through June 30, 2021 were set using the projected unit credit actuarial cost method. For the Tier One/Tier Two component of the OPERS Deferred Benefit Plan, this method produced an employer contribution rate consisting of (1) an amount for normal cost (the estimated amount necessary to finance benefits earned by the employees during the current service year), (2) an amount for the amortization of unfunded actuarial accrued liabilities, which are being amortized over a fixed period with new unfunded actuarial accrued liabilities being amortized over 20 years.

For the OPSRP Pension Program component of the OPERS Defined Benefit Plan, this method produced an employer contribution rate consisting of (a) an amount for normal cost (the estimated amount necessary to finance benefits earned by the employees during the current service year), (b) an amount for the amortization of unfunded actuarial accrued liabilities, which are being amortized over a fixed period with new unfunded actuarial accrued liabilities being amortized over 16 years.

NOTE 10. PENSION PLAN (continued)

E. Actuarial Assumptions (continued)

The total pension liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions:

Valuation Date	December 31, 2019
Measurement Date	June 30, 2021
Experience Study Report	2018, published July 24, 2019
Actuarial Assumptions:	
Actuarial cost method	Entry Age Normal
Inflation rate	2.40%
Long-term expected rate of return	6.90%
Discount rate	6.90%
Projected salary increases	3.40%
Cost of living adjustments	Blend of 2.00% COLA and graded COLA (1.25%/0.15%) in accordance with Moro decision; blend based on service.
Mortality	Health retirees and beneficiaries: Pub-2010 Healthy Retiree, sex-distinct, generational with Unisex, Social Security Data Scale, with job category adjustments and set-backs as described in the valuation. Active members: Pub-2010 Employee, sex-distinct, generational with Unisex, Social Security Data Scale, with job category adjustments and set-backs as described in the valuation. Disabled retirees: Pub-2010 Disable Retiree, sex-distinct, generational with Unisex, Social Security Data Scale, with job category adjustments and set-backs as described in the valuation.

Actuarial valuations of an ongoing plan involve estimates of the value of projected benefits and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

Experience studies are performed as of December 31 of even numbered years. The methods and assumptions shown above are based on the 2018 Experience Study which reviewed experience for the four-year period ending on December 31, 2018.

F. Long-Term Expected Rate of Return

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in June 2021, the OPERS Board reviewed long-term assumptions developed by both Milliman's capital market assumptions team and the Oregon Investment Council's ("OIC") investment advisors. The table below shows Milliman's assumptions for each of the asset classes in which the plan was invested at that time based on the OIC long-term target asset allocation. The OIC's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model.

G. Discount Rate

The discount rate used to measure the total pension liability of the pension plan was 6.90%. The projection of cash flows used to determine the discount rate assumed that contributions from pension plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current pension plan members. Therefore, the long-term expected rate of return on the pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

H. Sensitivity of the Authority's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Authority's proportionate share of the net pension liability calculated using the discount rate of 6.90%, as well as what the Authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.90%) or 1-percentage-point higher (7.90%) than the current rate:

	1% Decrease (5.90%)	Discount Rate (6.90%)	1% Increase (7.90%)
Authority's proportionate share of the net pension liability	\$ <u>2,031,987</u>	\$ <u>1,034,743</u>	\$ <u>200,412</u>

NOTE 11. OTHER POST EMPLOYMENT BENEFITS PLAN

A. Plan Description

OPERS also administers the RHIA cost-sharing, multiple-employer defined benefit other post employment benefits plan (the "OPEB Plan") for units of state government, political subdivisions, community colleges, and school districts, containing multiple actuarial pools. OPEB Plan assets may be used to pay the benefits of the employees of any employer that provides OPEB through the OPEB Plan. Contributions are mandatory for each employer that is a member of OPERS. As of June 30, 2021, there were 811 participating employers.

OPERS is administered in accordance with ORS Chapter 238, Chapter 238A, and Internal Revenue Code Section 401(a). The Oregon Legislature has delegated authority to the OPERS Board to administer and manage the system. All members of the OPERS Board are appointed by the governor and confirmed by the State Senate. The governor designates the chairperson. One member must be a public employer manager or a local elected official, one member must be a union-represented public employee or retiree, and three members must have experience in business management, pension management, or investing.

B. Plan Membership

RHIA was established by ORS 238.420 and authorizes a payment of up to \$60 from RHIA toward monthly costs of health insurance. The plan was closed to new entrants on or after August 29, 2003. To be eligible to receive this monthly payment toward the healthcare premium cost the member must:

- have eight years or more of qualifying service in OPERS at the time of retirement or receive a disability allowance as if the member had eight years or more of creditable service in OPERS
- receive both Medicare Parts A and B coverage
- enroll in a OPERS-sponsored health plan

As of June 30, 2021, the inactive RHIA plan participants currently receiving benefits totaled 42,857 and there were 43,108 active and 12,734 inactive members who meet the requirements to receive RHIA benefits when they retire.

C. Actuarial Methods and Assumptions

Actuarial valuations of an ongoing plan involve estimates of the value of the projected benefits and assumptions about the probability of events for into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

Experience studies are performed as of December 31 of even numbered years. The methods and assumptions shown below are based on the 2018 Experience Study, which reviewed experience for the four-year period ended on December 31, 2018.

D. OPEB Assets, OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to OPEB

At March 31, 2022, the Authority reported an asset of \$1,362, for its proportionate share of the net OPEB asset. The net OPEB asset was measured as of June 30, 2021.

For the year ended March 31, 2022, the Authority recognized OPEB expense of \$4,888. Deferred inflows of resources and deferred outflows of resources are calculated at the Plan level and are allocated to employers based on their proportionate share. For the measurement period ended June 30, 2021, employers will report the following deferred inflows of resources and/or deferred outflows of resources:

- A difference between expected and actual experience
- Changes in assumptions
- Changes in employer proportion since the prior measurement date
- Net difference between projected and actual investment earnings. One-year's amortization is recognized in the employer's total OPEB expense for the measurement period.

Differences between expected and actual experience, changes in assumptions, and changes in employer proportion are amortized over the average remaining lives of all plan participants, including retirees, determined as of the beginning of the respective measurement period. Employers are required to recognize OPEB expense based on the balance of the closed period "layers" attributable to each measurement period.

NOTE 11. OTHER POST EMPLOYMENT BENEFITS PLAN (continued)

D. OPEB Assets, OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to OPEB (continued)

The average remaining service lives determined as of the beginning of each measurement period are described below:

- Fiscal year ended June 30, 2021 - 2.7 years
- Fiscal year ended June 30, 2020 - 2.9 years
- Fiscal year ended June 30, 2019 - 3.1 years
- Fiscal year ended June 30, 2018 - 3.3 years
- Fiscal year ended June 30, 2017 - 3.7 years

The net difference between projected and actual investment earnings attributable to each measurement period is amortized over a closed five-year period. Employer contributions made after the measurement date are not reflected in the schedule of OPEB amounts by employer. Appropriate treatment of such amounts is the responsibility of the employer.

At March 31, 2022, the Authority reported deferred outflows of resources and deferred inflows of resources from the following sources.

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Changes in Assumptions	\$ 27	\$ 20
Changes in Employer Proportion	7,024	16
Differences between expected and actual experience	-	38
Net differences between projected and actual investment earnings on OPEB plan investments	<u>-</u>	<u>324</u>
Total	<u>\$ 7,051</u>	<u>\$ 398</u>

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense (benefit) as follows:

	<u>Amount</u>
Year ending March 31:	
2023	\$ 1,663
2024	1,663
2025	1,663
2026	<u>1,664</u>
	<u>\$ 6,653</u>

E. Discount Rate

The discount rate used to measure the total OPEB asset at June 30, 2020 was 6.90%. The projection of cash flows used to determine the discount rate assumed that contributions from OPEB plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the RHIA plan's fiduciary net position was projected to be available to make all projected future benefit payments of current OPEB plan members.

F. Sensitivity of the Authority's Proportionate Share of the Net OPEB Asset to Changes in the Discount Rate

The following presents the Authority's proportionate share of the net OPEB asset calculated using the discount rate of 6.90%, as well as what the Authority's proportionate share of the OPEB asset would be if it were calculated using a discount rate that is 1 percentage point lower (5.90%) or 1 percentage point higher (7.90%) than the current rate.

Authority's proportionate share of the net OPEB asset	\$ <u>(1,204)</u>	\$ <u>(1,362)</u>	\$ <u>(1,496)</u>

G. Long-Term Expected Rate of Return

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in June 2021 the Board reviewed long-term assumptions developed by both Milliman's capital market assumptions team and the Oregon Investment Council's ("OIC") investment advisors. The Milliman's table below shows assumptions for each of the asset classes in which the plan was invested at that time based on the OIC long-term target asset allocation. The OIC's description of each asset class was used to map the target allocation to the asset classes. Each asset class assumption is based on a consistent set of underlying assumptions and includes adjustment for the inflation assumption. Total restricted net position	<u>\$ 759,698</u>	<u>\$ 201,545</u>	<u>\$ 961,243</u>

Housing assistance payment reserves are restricted for use only in the Section 8 Housing Choice Vouchers, Mainstream Vouchers, EHV, and ERA programs for future housing assistance payments.

Reserve for replacement escrows are required to be set aside for to fund major repairs, capital expenditures, and replacement of capital items in the projects.

Operating reserve escrows are set aside to be used to fund operating deficits and other needs of the projects.

The Authority recognizes an OPEB asset, in accordance with GASB 75, in which employers are required to recognize and report certain amounts associated with their participation in the OPEB's RHIA. See Note 11 for additional information.

NOTE 13. CONTINGENCIES

The Authority receives financial assistance from HUD in the form of grants and subsidies. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of funds for eligible purposes. Substantially all grants, entitlements and cost reimbursements are subject to financial and compliance audits by HUD. As a result of these audits, costs previously reimbursed could be disallowed and require payments to HUD. As of March 31, 2022, the Authority estimates that no material liabilities will result from such audits.

NOTE 14. SUBSEQUENT EVENTS

Events that occur after the financial statement date but before the financial statements were available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the financial statement date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the financial statement date require disclosure in the accompanying notes to the financial statements. Management evaluated the activity of the Authority through December 28, 2022 (the date the financial statements were available to be issued) and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Commissioners of the
Northeast Oregon Housing Authority:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities (primary government) and the discretely presented component unit of the Northeast Oregon Housing Authority (the "Authority") as of and for the year ended March 31, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated December 28, 2022. The financial statements of Blue Springs Crossing Affordable, LLC, the discretely presented component unit, were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with that entity.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Commissioners of the
Northeast Oregon Housing Authority:

Opinion on Each Major Federal Program

We have audited the Northeast Oregon Housing Authority's (the "Authority") compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of the Authority's major federal programs for the year ended March 31, 2022. The Authority's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended March 31, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Authority's compliance with the compliance requirements referred to above.

Responsibility of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to its federal programs.

Auditors' Responsibilities for Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Authority's compliance based on our audit.

Auditors' Responsibilities for Audit of Compliance (continued)

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance, will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Authority's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards* and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Authority's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Authority's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT REQUIRED
BY OREGON STATE REGULATIONS**

To the Board of Commissioners of the
Northeast Oregon Housing Authority:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Northeast Oregon Housing Authority's (the "Authority") as of and for the year ended March 31, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated December 28, 2022.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations, noncompliance with which could have a direct and material effect on the determination of financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

We performed procedures to the extent we considered necessary to address the required comments and disclosures which included, but were not limited to the following:

- Deposit of public funds with financial institutions (ORS Chapter 295)
- Indebtedness limitations, restrictions and repayment
- Budgets legally required (ORS Chapter 294) - exempt based on ORS 294.35 through 294.565
- Insurance and fidelity bonds in force or required by law
- Programs funded from outside sources
- Authorized investment of surplus funds (ORS Chapter 294)
- Public contracts and purchasing (ORS Chapters 279A, 279B, 279C)

In connection with our testing, nothing came to our attention that caused us to believe the Authority was not in substantial compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) as a basis for designing auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

Internal Control over Financial Reporting (continued)

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance with certain provisions of laws, regulations, contracts, and grants, and the results of that testing based on provisions of the Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 to 162-10-320, and not to provide an opinion on the effectiveness of the Authority's internal control or compliance. Accordingly, this communication is not suitable for any other purpose.

**NORTHEAST OREGON HOUSING AUTHORITY
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED MARCH 31, 2022**

NOTE 1. BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") includes the federal grant activity of the Authority under programs of the federal government for the year ended March 31, 2022. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of operations of the Authority, it is not intended to and does not present the financial position, changes in net position or cash flows of the Authority. Therefore, some amounts presented in the Schedule may differ from amounts presented in, or used in the preparation of the financial statements.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available.

NOTE 3. INDIRECT COST RATE

The Authority has not elected to use the ten percent de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE 4. FARM LABOR HOUSING LOANS

The Farm Labor Housing Loan Program (Mortgage) listed subsequently is administered by the U.S. Department of Agriculture, and balance and transactions relating to the program are included in the Authority's basic financial statements. Loans outstanding at the beginning of the year and loans made during the year are included in the federal expenditures presented in the Schedule. The balance of the loan outstanding at March 31, 2022 consisted of:

<i>ALN Number</i>	<i>Program Name</i>	<i>Outstanding Balance at March 31, 2022</i>
